## **INTERROGATORIES**

### **INTERROGATORY NO. 20:**

For each Environment listed on Exhibit A or contained within a virtual machine listed on Exhibit A, Identify the Environment and the Source(s) from which You obtained all Installation Media used to create or modify that Environment. For example, if an Environment was created by cloning (copying) a previously existing Environment, which in turn was created from Installation Media stored on an Identified Rimini Computer System, which in turn were copied from physical Installation Media obtained directly from a specific client, the response should Identify the origins, names, locations at time of use, customer(s) from which or on whose behalf you claim to have obtained the materials (if applicable), and website(s) or media from which you obtained the materials (if applicable) for (1) the previous Environment, (2) the electronic copy of Installation Media, and (3) the physical Installation Media, and the role of each in serving as a source.

### **INTERROGATORY NO. 21:**

For each Environment that ever existed on any Identified Rimini Computer System (excluding Environments listed on Exhibit A or contained within a virtual machine listed on Exhibit A), including but not limited to the Environments listed on Exhibit B or contained within a virtual machine listed on Exhibit B, Identify the Environment and the Source(s) from which You obtained all Installation Media used to create or modify that Environment. For example, if an Environment was created by cloning (copying) a previously existing Environment, which in turn was created from Installation Media stored on an Identified Rimini Computer System, which in turn were copied from physical Installation Media obtained directly from a specific client, the response should Identify the origins, names, locations at time of use, customer(s) from which or

on whose behalf you claim to have obtained the materials (if applicable), and website(s) or media from which you obtained the materials (if applicable) for (1) the previous Environment, (2) the electronic copy of Installation Media, and (3) the physical Installation Media, and the role of each in serving as a source.

**INTERROGATORY NO. 22:**

For each Environment Identified in Your Responses to Interrogatories No. 20 and 21, Identify the Source(s) from which You obtained all fixes, patches, updates, and other Software and Support Materials (other than Installation Media) used to create or modify that Environment. For example, if an Environment was modified by applying bundles from Oracle, TomorrowNow and Rimini Street, the response should Identify the name, the sources and the locations of each of those bundles, customer(s) from which or on whose behalf you claim to have obtained the materials (if applicable), and website(s) or media from which you obtained the materials (if applicable).

**INTERROGATORY NO. 23:**

For every Environment Identified in your Responses to Interrogatories No. 20 and 21, describe each instance in which the Environment (including any Software and Support Materials contained therein) was copied or used for a customer other than the specific customer, if any, from which or on whose behalf You claim to have obtained the Environment. If You do not claim to have obtained a particular Environment from or on behalf of a specific customer, describe each instance in which that copy of that Environment (or of any Software and Support Materials contained therein) was copied or used.

**INTERROGATORY NO. 24:**

Identify every copy of any Software and Support Material that is or has at any time been stored at each Non-Customer Location, and the Non-Customer location where it was stored. If any Non-Customer Locations have existed for which You cannot identify any particular

Software and Support Material stored at that location, Identify each such Non-Customer Location.

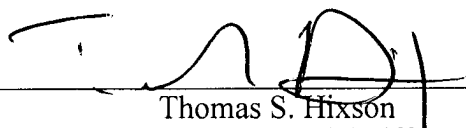

**INTERROGATORY NO. 25:**

For every copy of Software and Support Materials identified in your Response to Interrogatory No. 24, describe each instance in which the copy of Software and Support Materials was copied or used for a customer other than the specific customer, if any, from which or on whose behalf You claim to have obtained the Software and Support Materials that was copied or used. If You do not claim to have obtained a copy of Software and Support Materials identified in your Response to Interrogatory No. 24 from or on behalf of a specific customer, describe each instance in which that copy of Software and Support Materials was copied or used.
